

# INTRODUCTION TO PHOTOGRAPHY

WITH ARTIST TEDDI YAEGER

Have you ever wished that you could learn how to take better photographs from a professional photographer? Do you want to finally learn how to use the camera you purchased? During this 3-hour workshop, we will cover all of the basics of what makes a photograph great (subject matter, composition, lighting, etc.), I will show you how to use the camera equipment that you already own (from an iPhone to a point-and-shoot to a DSLR), and recommend some equipment to add to your arsenal. Finally, we'll discuss editing, storing and printing your images.

This workshop will be taught by photographer, Teddi Yaeger. Since 2002, she has specialized in portrait photography. Teddi was named Seattle's Best Kids' Photographer in 2012. Since moving to Iowa a few years ago from Seattle, Teddi has been capturing the beautiful rural landscapes of Madison County. These workshops are an opportunity for her to share her enthusiasm for photography and her experience with others.

Since its beginning in 1958, the Winterset Art Center has been a volunteer-led, non-profit facility offering gallery space, classes for people of all ages, studio space and supplies, arts education, cultural events, writing opportunities, and a rental space for gatherings. We are a place for children and adults to have fun while learning, a museum about local art and artists, a friendly gathering spot for sharing artistic talents and interests, a venue for parties, meetings and dinners, a place to find original art for sale by local artists, and a vital part of a thriving, historic community.
